

AMARESH KONCHADA

Enterprise Solution Architect - Adobe Experience Platform (AEP, RTCDP, AJO)

Austin, TX | amareshtubudhi@gmail.com | 512-806-8046 | linkedin.com/in/amaresh-k-6640181b

SUMMARY

Enterprise Solution Architecture and MarTech Transformation leader with 17 years of experience spanning Customer Data Platforms (CDPs), cloud architecture, and AI/ML-powered personalization for Fortune 500 enterprises. Deep, hands-on expertise across the full Adobe Experience Platform ecosystem - AEP, Real-Time CDP, Adobe Journey Optimizer (AJO), and Customer Journey Analytics (CJA) - spanning XDM schema design, real-time streaming data ingestion, and enterprise identity resolution at scale.

Proven track record leading architecture workshops, technical health checks, and executive-level engagements that translate complex customer requirements into production-grade, cross-product solutions. Adobe Certified Expert (RTCDP, AJO) with hands-on fluency in AI-assisted engineering - Claude, MCP server integrations, and agentic workflows - currently deepening this through a dedicated Forward Deployed Engineer training program.

CORE COMPETENCIES

- Enterprise Solution Architecture & Customer 360 / MarTech Transformation Leadership
- Adobe Experience Platform (AEP), Real-Time CDP, Adobe Journey Optimizer (AJO), Customer Journey Analytics (CJA)
- XDM Schema Design, Identity Resolution & Identity Architecture, Real-Time Streaming Data Ingestion
- AI/ML-Driven Personalization & Recommendation Engines; Generative AI (LLMs, RAG, AI Agents, MCP)
- Data Governance & Privacy-Preserving Computation (Data Clean Rooms)
- Omnichannel Journey Orchestration, Cross-Platform Activation & Regulated-Industry (FSI) Delivery
- Team Leadership, Stakeholder Collaboration & Executive Communication

PROFESSIONAL EXPERIENCE

Lead Engineer

April 2022 - Present

Adobe - Austin, TX

- Serve as technical lead and trusted advisor across 10+ Premier enterprise accounts spanning AEP, Real-Time CDP, Adobe Journey Optimizer (AJO), and Customer Journey Analytics (CJA) - owning the technical relationship from architecture design through go-live and expansion.
- Architect enterprise-scale solutions spanning identity resolution, XDM schema design, and real-time streaming data ingestion, translating complex customer requirements into production-grade reference architectures.
- Lead technical strategy sessions, architecture workshops, and platform health checks for strategic accounts, troubleshooting production-level issues across data ingestion, identity resolution, and audience activation.
- Mentor engineering teams on AEP/CDP best practices and AI/ML-driven personalization; collaborate cross-functionally with product, engineering, and systems-integrator partner teams to deliver scalable MarTech solutions.
- Build AI-assisted engineering workflows - including Model Context Protocol (MCP) server integrations and reusable Node.js automation scripts on Claude Desktop - to accelerate prototyping and modernize technical delivery.

Director - Digital Solutions

May 2021 - April 2022

Epsilon - Publicis Groupe - Austin, TX

- Led presales, solution architecture, and implementation for multiple enterprise Customer Data Platform (CDP) programs.
- Partnered with cross-departmental teams, stakeholders, and vendors to deliver data-driven marketing transformation initiatives.
- Managed a cross-functional team of 4 to deliver high-impact MarTech solutions for enterprise clients.

Software Engineer III

August 2020 - May 2021

Truist - Austin, TX

- Architected and built new capabilities within Adobe Experience Cloud in a regulated financial-services environment, focused on CDP management and compliance-aware data handling.
- Managed end-to-end Adobe AEP/CDP implementation - enterprise data ingestion, segmentation, and AI/ML personalization orchestration using Jupyter notebooks.
- Building technical depth in cloud-based marketing technologies within a highly regulated banking environment.
- Ensured alignment between enterprise data architecture, security/compliance requirements, and business objectives for scalable, audit-ready solutions.

Specialist Senior - Digital Analytics

February 2019 - July 2020

Deloitte Consulting - McLean, VA

- Led presales, strategy, and implementation for Adobe Experience Cloud and CDP solutions for enterprise clients.
- Developed enterprise data and analytics platforms and cross-channel personalization strategies using Adobe Experience Cloud.
- Managed onshore/offshore delivery teams and served as client-facing lead, delivering architecture workshops and executive presentations.

Digital Analytics Strategist

November 2015 - February 2019

Syntasa - Herndon, VA

- Defined business and technical requirements for tracking systems and Adobe Analytics integrations across enterprise clients.
- Implemented privacy-preserving data clean room architectures (Google Ads Data Hub, BigQuery) to enable secure cross-platform audience collaboration and optimize campaign performance.
- Designed cross-channel personalization strategies, integrating audience data across Adobe Marketing Cloud products for enhanced activation.
- Managed onshore/offshore delivery teams and served as client-facing lead for workshops and executive presentations.

Additional Experience

Sept 2008 - Nov 2015

Adobe India · Cognizant Technology Solutions & TCS · R&R Systems · Lionbridge Technologies

Progressed through Digital Analytics Engineer, Consultant/IT Analyst, and Technical Lead roles, building foundational expertise in digital analytics platforms, enterprise data integration, and global marketing-application support — establishing the technical base for later CDP/MarTech specialization.

EDUCATION

Forward Deployed Engineer (FDE) Master Program: GenAI, RAG, Agents & Enterprise AI (In Progress; Expected Completion July 2026)

Chief Digital and AI Officer Program - Indian School of Business (ISB), Hyderabad, India

Post Graduate Program in Cloud Computing - The University of Texas at Austin

Product Strategy - Northwestern University, Kellogg School of Management

UBC Award of Achievement in Digital Analytics - University of British Columbia, Canada

Executive Master's in Management (Marketing & IT) - IIBM University, New Delhi

Bachelor of Technology, Computer Science & Engineering - BPUT, Odisha, India

CERTIFICATIONS

- Adobe Certified Expert - Real-Time CDP (Technical Architect, Business Practitioner, Technical Sales)
- Adobe Certified Expert - Adobe Journey Optimizer (AJO)
- Adobe Certified - Analytics & Customer Journey Analytics (CJA)
- AWS Certified Cloud Practitioner
- Oracle Certified DBA
